

SPECIAL TYPES OF INSTRUMENTS CALIBRATED

1. NaCL based test system for testing penetration level of safety mask
2. Secondary injection kit
3. Multifunction calibrators
4. Universal calibrator
5. Temperature calibrator
6. RTD Calibrator
7. 773 pH/mV Simulator
8. Relay kit
9. 6.5 digit digital multimeter
10. A.C current Probe
11. LCR meter
12. D.C. high voltage unit
13. CA12 handy calibrator
14. Fluke calibrator
15. Surveyor
16. In house calibration of 15 to 20 Master Standard Equipment
